I like to make love on the straw. The straw pricks my back so much, and I feel like an animal. For hours it is the smell, combined with the scratching and the moaning of the horses, that has the most effect on me. Whether it is a man or a woman I make love with. Both are fine, both are like sex even to an extent, if a man penetrates me deep down, or if a woman rocks me. I don't know why, only that it has always been so.

jag tänker rätt enkelt, tror jag. När inte från
ett hus så mycket förtäring — ja. Men det är
glädje, något glädje

ich glaube ich habe auf eine recht einfache
glückliche Art. Ich habe auch nicht so viele Fr
western kennen können — noch nicht. Aber es
ist schön, ich sage

well, I make love simply. Haven't had
time to learn so much about tactics — yet. But
it's lovely, oh, lovely
